

Cliffhanger

This situation happens always
Samo, samo it's going both ways
My real message to u never conveys
It should be easy like a fucking sun rays

Argue, charge u and bombard u
Dont see ur own faults as i fucking do
U know u blue and looking for ur doorways
No new ways, ur way for now and always

**It's getting hard
For u to start
To play ur part
Just little effort
Straight from ur heart**

Introversy, controversy
all those little things that u just dont see
Me, me, me and you, you, you
ur fantasies is not so new

Wanna be the man u av no plan
Wanna av ur say never chip to the game
Ordinary is ur style u dont want fame
To me its all shity and big time lame

I can go on and on and on and on
Wont change shit hey oh hey come on
Ur age, who u r, a wrong person
Never rock, always mock u soft like wet sock.

**Air hammer
cat strangler
All ur banter
u just cliffhanger
U dont want to jump
u never jump
U play it safe
Learned by the age**
