

# The crazy cat

I ma crazy cat I ma gonna grab my gat  
I ra ta ta ta u just like that  
What u gonna do without ur whole crew?  
Turn ur testicles in kim chon chew  
Make ur face red bruised and blue  
Put fear in ur heart oooooh

If u step into my path I make u fucking feeling it  
If u just knew u would never dare a bit  
Start digging ur grave start making ur pit  
Don't have much time u r not worth a spit

Thats threat and deaf trap  
Gonna come back wearing my red cap  
The sun hits me hard not recognise my face  
Im out of this planet out of this place

Situation always is the same  
Game never change comes with different name  
U start with me for ur weakness I aim  
Hit u hard burn u in flame

Is there a sign on me telling u come fuck with me?  
Read between the lines check my history.  
U should know that apple doesn't fall far from the tree.  
Float like a butterfly and sting like bee.

The last quote was from Mohamed Ali  
Don't need no parkinsons dont u agree?  
I am usually calm can give hugs for free  
All that's being said means don't fuck with me.

Tick tick tick and a boom fuck doom  
I fill up with my hate all this room  
If they ask u who did it tell them me  
I am living my life and my fantasy

Life of a cat is harder than dogs  
U gotta be smart and play tons of chokes  
Swooping to the sides with my gat skill  
I never give a chance i always kill

And fuck u, I attack u and than tuck u for the sleep that never ends.

Block u, I cut u and beat u with ur own fucking hands

Tears don't stop me from work to be done  
Call it what u want it's just regular crime
