

# Bellina song

**|E|B|A|A|**

**Honey it's me Bellina is calling**

**Honey feed me Bellina is calling**

**Honey you need me Bellina is moaning**

**Honey don't kill me Bellina is screaming quite loud**

**|E|F#|A|A|**

I just need some food, I just need some snack otherwise I disappear

All the great times, all the great fun lets have just one more beer.

Me and you that's forever and ever more

Forget about gym, forget about the stress that's what you swore

**|E|B|A|A|**

**Honey it's me Bellina is calling**

**Honey feed me Bellina wining**

**Honey you need me Bellina is moaning**

**Honey don't lose me Bellina is stressing quite loud**

**|E|F#|A|A|**

Looks like you don't want me, looks like you don't need me anymore

Take me for a full, take me for crazy take me for a whore

I need you, you need me forever more

Please don't gym, please don't run please don't start a war

**|E|F#|A|A|**

**Solo...**

**|E|B|A|A|**

You can't just loose me, you can't just use me and kick outta door.
