Blame

Ref:

2x |D|Bb|Gm Am|D|

You try to blame me now

for the things I never done

Doing it, doing it, do it,

doing it, doing it, do it . . . now!

Intro:

2x |D|Bb|Gm Am|D|

Verse 1:

|D|D|D|D|

It happens all the time

Their problems are not mine

Everybody stays in line

Don't dare to do a crime

|Bb|Bb|C|A|

I can't just take it no more

All I want to do is explore

Evict the four and kick the door

I'm here for reason I need more

Ref:

You try to save me now

from the things I never done

Doing it, doing it, do it,

doing it, doing it, do it . . . now!

Verse 2:

The time is coming soon

Gonna leave this tight cocoon

Leaving this dream balloon

All I planned for this one last tune

All I need is to be there

I need to breathe fresh air

Not gonna take any free fare

Don't try save me I just won't be there

Ref:

Don't try to help me now

with the things I never done

Doing it, doing it, do it,

doing it, doing it, do it . . . now!
