

Hey hou that's the way I flow
Listen to my story and jam also
I am the daddy I drive the caddy
jump on the board I will be your teddy

I take u for the bouncy ride
make u believe that u could be my bride
All that u see, feel and sense
will soon became real fucking tense

Take her for the dinner on my expense
ordering some champagne that's common sense
Could not believe my eyes it was horror
she munch on that steak like there's no tomorrow

Back in my place she still feels hungry
dipping through my fridge like motherfucking junkie
gave me the stare and damn she's angry
Looking in my cupboard for more candy

Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo

Got the message, the fridge, the sausage
big ass red stain the hoe is a savage.
She never bother to told me that,
forgot to mention that important fact

Played me like a mouse would play a cat
finally I caught her flying hat
Never being good in counting and math
This getting clearer I'm scared to death

What to do? What to do?
This little issue can stop me on my screw
But it's me the big sugar daddy
it's me who drives that big red ass caddy

I am entering her anyway
panties, hoses there's no getaway
Its getting messy fuck that's what I say
looks like I'm swimming in the bloody bay

Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo

Blood everywhere, Blood everywhere
I keep on fucking her and just don't care
Some people think I'm quite little dirty
I don't care, keep on fucking that birdie.

Doesn't mean u will not see my pubical
I don't like to sex u up in the cubical
I say it's mine everyday usual
for most people not so suitable

Love affair is over and I satisfied my lust
promises are gone u gave me ur trust
I teared it apart not even a grain of dust
leave your heart bleeding I leave it to u rust.

The jig is over and place is all messed up
no more 5 minutes cos I had enough
The roads are closed but there's only one way out
Won't give u lift, prefer chicken over trout.

Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo
Daddy daddy daddy daddy yoooo ooooo oooo

I don't care what everybody thinks
I'll keep my girls, my smokes and my drinks.
Mating with hoes with no attached strings
driving my caddy gives me the wings

That's one day gone for the big ass daddy
some think I am crazy but I am always ready
End of the day and beginning of the new one
I jump in my caddy new story can began

Ringin tone, Ringin tone
somehow that hoe got on my phone.
I Never answer I only text
Now I know what's coming next

As I text hi, yes and whatever
don't want to hook up or get together
Yes girl I'm the big sugar daddy
after last night I am not ready

toooo carry oooon as u have something big-time fishy going on

2x
